

Digital Privacy in Divorce Checklist

Passwords & Account Security

	Change all account passwords (email, social media, banking, cloud, streaming, etc.) Enable two-factor authentication (2FA) on all key accounts Remove your spouse from any shared access ("cloud") accounts and photo storage Check for old, unused accounts using haveibeenpwned.com Use a password manager for strong, unique passwords (for your use only)	
Devices		
	Log out of and remove your accounts from devices you no longer use Review "trusted devices" in Google, Apple, and other accounts; remove as needed Scan for spyware or tracking apps Fully reset devices if you suspect surveillance Disable Bluetooth auto-pairing with cars or shared speakers Check "Find my" or "Find my device" for the presence of air tags or other tracking devices connected to your account. If your car make/model has an associated app, verify who has access to it.	
Smart Home & Subscriptions		
	Change passwords on smart devices (Alexa, Nest, etc.) Unlink a spouse no longer living in the home from all smart home accounts Cancel shared subscriptions (Amazon Prime, etc.). This may need to be a negotiated item if the subscription has been paid for Check smart TVs and devices for saved logins Remove shared payment methods from online services; this may be a negotiated item as to which one of you will continue to pay.	

Cloud & Shared Media

	Review and remove access to shared cloud photo albums	
	Block or filter messages from your ex	
	Stop sharing or delete sensitive media from shared platforms	
	Back up personal photos/videos to a secure external drive	
	Disable automatic cloud backups (Google Drive, iCloud)	
ا ممما	Financial & Pocovory
